## Why Us?

As Winner of the 2005 Awards for Excellence in Tourism our commitment to quality service, value for money and the best possible experience for our passengers is assured. Our crew is passionate about ballooning and our aim is to make every Hunter Valley Balloon Safari as memorable and as much fun as possible.

## Safety

We only fly the most modern of equipment with all the latest safety innovations. Our safety record is unblemished. Our pilots are all licenced by the Civil Aviation Safety Authority and all of our aircraft are serviced by the manufacturer in Sydney.

## The Experience

Flights take place at dawn and last approximately one hour. However, you need to allow 3 - 4 hours for the whole experience. You will be drifting across the tops of the trees one minute and hundreds of feet above the vineyards the next.
